Secretary (Sports) stated that NADA is fully funded by the Ministry of Youth Affairs & Sports by means of grant and has no other source for revenue generation. Therefore, it is not possible for them to release the payment of the outstanding liability of Rs 21.49 crore vis-à-vis the overall allotted budget resource of Rs 21.73 crore, unless grant is made available through budget.

Secretary (Sports) further stated that since both SAI and NADA function under the Department of Sports, Ministry of Youth Affairs and Sports, GB may consider a waiver off the monthly licence fee as well as that of the outstanding licence fee liability in respect of the office space for NADA in the JLN Stadium.

The GB approved the proposal for rent-free office space for the NADA in JLN Stadium and for the waiver off the outstanding licence fee payable by the NADA to SAI.

The Estimates for various works are sanctioned by the Finance Committee of SAI based on preliminary estimates received from the Public works organizations (PWOs) and other agencies.

2. However, it has been observed that due to increase in prices of various materials and also due to time lag between preparation of preliminary estimates and award of work, there is increase in cost of work. At times there is increase in cost also due to increase in scope of work on account of unforeseen functional/technical requirement. Thus, the PWO asks for the additional funds over and above the already sanctioned amount.

3. The work is carried out as per para 2.35 of the CPWD Works Manual 2012 which reads as below:

*"Excess up to 10% of the amount of the administrative approval may be authorized by Officers of the CPWD, up to their respective powers of technical sanction. In case it exceeds this limit, a revised administrative approval must be obtained from the authority competent to approve the cost so enhanced."*

4. From the above, it is evident that the revised administrative approval and expenditure sanction is not required in case the excess is up to 10% of the amount already sanctioned.

5. The above proposal was placed before the 55<sup>th</sup> Finance Committee Meeting held on 22<sup>nd</sup> February 2009 for authorization to CPWD on 10% excess expenditure for approval, however it was not agreed to and the following direction was given:

*"All cases are to be dealt on individual, case by case"*

6. Finance Committee decision:

The matter was placed before the Finance Committee in its 69<sup>th</sup> meeting held on 05.01.2015 wherein the proposal for empowering DG, SAI to approve the administrative approval & expenditure sanction up to 10% over and above the approved amount in case of all projects approved on the basis of preliminary estimates received from PWOs was concurred for the approval of Governing Body.

Approval of the Governing Body is solicited for the proposal, as above.

MINUTES OF THE PUBLIC INVESTMENT BOARD (PIB) MEETING HELD ON 21.06.2021 UNDER THE CHAIRMANSHIP OF SECRETARY (EXPENDITURE) FOR CONSTRUCTION OF SPORTS COMPLEX AT NARANPURA, AHMEDABAD, GUJARAT.

The meeting of Project Investment Board (PIB) to consider the proposal of Department of Sports for construction of Sports Complex at Naranpura, Ahmedabad, Gujarat was held under the Chairmanship of the Finance Secretary and Secretary (Expenditure) on 21.06.2021 at 3:00 PM in Room No. 169-D (Fresco), North Block, New Delhi. The list of participants is at Annexure-I.

2. At the outset, Secretary (Expenditure) welcomed all the participants who were present physically and those who had joined the meeting through video link. He then invited the Department of Sports to present the proposal. Secretary, Department of Sports presented a broad outline of the project and then invited Joint Secretary (Development), MYA&S to make the presentation.

3. Joint Secretary (Development), MYA&S presented the following details of the proposed project:

i. The project proposal for construction of Sports Complex at Naranpura, Ahmedabad, Gujarat has been received from Ahmedabad Municipal Corporation (AMC) at an estimated cost of ₹583.99 crore. AMC has identified a piece of land measuring 79,500 Sq. Mt. area having land cost of approximately ₹1100 crores at current market rate in the heart of the city which is well connected and within close proximity of all transport modes.

ii. The State Government of Gujarat aims to develop an Integrated Sports Complex that will encourage multi-disciplinary sporting activities. The facility would act as a venue for national and international sporting events and would also promote sports across the country by means of academies. The local population would substantially benefit from this complex as it would encourage them to enroll in sports via membership schemes and thus promote healthy living. A separate area would be developed for community use and participation. People with inclination to take up professional sports would have adequate opportunities to get trained via experienced and reputed coaches in the proposed Centre for Sports Excellence (CSE).

iii. The Ahmedabad Municipal Corporation has been authorized by the State Government of Gujarat to implement the project. This project consists of designing and building of a Sports Complex to provide indoor & outdoor sports facilities within the neighborhood of Ahmedabad. The guidelines for this development will focus on achieving a design which will be youth and sports oriented, environmentally safe and sustainable, promoting healthy growth and living, aesthetically pleasing, functional in design and cost effective to operate. Project development will ensure to promote various sports not easily accessible to the general public. Various components of the project proposal are tabulated below:

S. No.	Components of the proposed Sports Complex at Naranpura
1	Indoor Multisport Arena, International competition level

Works

iv. The following will be the developmental pillars of Naranpura Sports Complex:-

- a) Accessible: A sports complex that is Accessible to all sections of society: Persons with Disabilities, Old, Women & Children.
- b) Experiential: A place that enriches and deepens the sports experience for all athletes & spectators through state-of-art facilities including retractable/ portable seating.
- c) Aesthetic: A complex which is aesthetically pleasing and culturally representative.
- d) Sustainable: All buildings and outdoor facilities to comply with the 3Rs of sustainable development: Reduce, Recycle, and Reuse.
- e) Excellence: A place that exudes excellence in every facility.

v. It was also proposed that the project may be sanctioned as a stand-alone project instead of under Khelo India Scheme as the Scheme's budget cannot support a project of such huge proportions.

4. After the detailed presentation of the project proposal, Secretary (Expenditure) invited comments from the participants. He also sought clarification on who will be the owner of the newly created assets and the unique/special feature of the proposed project at Ahmedabad and the reasons for choosing Ahmedabad for developing the project. He also enquired about the safeguards/enabling provisions regarding the usage of the facilities on priority basis by SAI for any National or International events which are of National Importance.

4.1 In response, the Department of Sports clarified that the State Government of Gujarat has identified a piece of prime land measuring approximately 20 acres free from all encumbrances for development of the proposed sports infrastructure in the heart of the city. The land has been allotted to the Ahmedabad Municipal Corporation (AMC) for development of the project and the AMC will be the owner of the infrastructure. The State Government of Gujarat has one of the highest sports budgets for recurring expenditure in the country ensuring availability of adequate resources for Operations and Maintenance (O&M).

4.2 Ahmedabad has been identified as one of the six sports cities of the country with a potential to hold international competitions as per the report of CII. The Government of Gujarat is taking several initiatives including the newly created Sardar Patel Sports Enclave for development of sports infrastructure for holding international sports competitions. The proposed initiative at Naranpura is a part of holistic plan to develop sports infrastructure at Ahmedabad. The complex will have the longest viewer stands and latest supporting infrastructure. Further, the city is equipped with infrastructure to hold international competitions. Recently, world's largest cricket stadium was inaugurated in Ahmedabad. There is also a world class shooting range under construction at Gujarat University. It already has a working PPP model stadium for Football. This project will help not only in organizing national and international sporting events but also in community development. Further, most of the major sporting nations have more than one city with multi-disciplinary sporting facilities capable of hosting international events. In India, only New Delhi has such potential. Therefore, there is a pressing need to expand our sporting hubs and create more cities with international sporting facilities. Ahmedabad is not only aspiring to become a sporting hub, but also marching ahead in terms of creating quality sports infrastructure with the State Government playing a very proactive role.

4.3 In terms of utilization, Sports Authority of India (SAI) will operate the centre of excellence to train athletes and accordingly a MoU will be entered into. It will also be ensured that SAI has the

first right in case it decides to organise any sporting event requiring the use of the facility. It was also stated that the Department of Sports has not earlier funded such a large project and this is a first of its kind project for the Department in terms of the magnitude and cost of the project.

5. Secretary (Expenditure) suggested that SAI should get priority in all legal and sporting rights and that the Department of Sports must take all necessary steps to ensure that there is no ambiguity in this regard in future since it is a Government of India funded infrastructure to which the Department of Sports agreed. Accordingly, a MOU may be entered into. He asked NITI Aayog to offer their comments.

5.1 In response, NITI Aayog commented as to whether the infrastructure can be undertaken in PPP model and asked for resources, outcome utilization plan for optimum utilization of Government of India funds. The comments of NITI Aayog to the Department of Sports are given below:

- i. As per the proposal, the financial resources required for the project shall be provided under the Khelo India Scheme by the Ministry of Youth Affairs and Sports subject to expenditure approval of the Ministry of Finance. However, the EFC proposal of Khelo India, submitted by Ministry of Youth Affairs and Sports does not include this component and the EFC meeting for the same has already been convened. The Ministry needs to clarify that under which component of the Khelo India Scheme, this project has been proposed. The Ministry should also clarify whether this project will be undertaken within the allocated budget of Khelo India or otherwise.
- ii. The PIB Memo indicates that the project will be implemented through departmental mode by Ahmedabad Municipal Corporation and will be further maintained by the Corporation. However, proposal does not bring out clearly the road map for the maintenance of infrastructure and assets created, plan for induction of qualified trainers/coaches, outcomes expected by creating the complex and its financial viability without which the infrastructure created as well as the sports equipment procured will grossly be under-utilized thereby achieving sub-optimal results. Further, inadequate maintenance of the sports infrastructure leads to deterioration of assets.
- iii. Ministry should explore the development of Sports Complex on PPP model through Design Build, Finance, Operate, Transfer (DBFOT) mode. The Concessionaire shall be responsible for setting up and managing the complex in compliance with the minimum standards, required facilities and parameters set by the Government. The concessionaire would also be responsible for providing qualified sports coaches and other staff. The Government shall provide land for development and appropriate capital grant in the form of Equity Support (VGF) to be determined through competitive bidding.
- iv. The proposal should clearly provide the basis for the selection of the location of the sports complex as Naranpura and indicate the following details:
  - a) Connectivity in terms of availability of public transport facilities to Naranpura from different parts of the city as well as adjoining villages or towns.
  - b) The number of existing Government and Private sports facilities or complexes in Ahmedabad, where they are currently located, what facilities they include and the level of utilization of the existing facilities.

PIB for Construction of Sports Complex at Naranpura, Ahmedabad, Gujarat: Meeting held on 21.06.2021

- v. The facilities proposed to be constructed must be commensurate with the demand for the same and it must be ensured that there will be a minimum stipulated footfall for each facility post completion.
- vi. The proposal is focused solely on the development of infrastructure, which is certainly necessary in terms of building facilities. However, there should be a section within the proposal to link the provision of facilities to the larger vision of improving sports and recreation outcomes from the public policy perspective and justified in terms of outputs and outcomes.
- vii. In view of the above observations, it is recommended that the municipality reviews all proposals diligently to ensure optimum utilization of resources and maximum public benefit, not specifically through a single sector only, such as sports.
- viii. Secondly, as the larger vision is to make the State of Gujarat a global sports destination, other districts/municipalities should be deliberated upon to establish facilities for the respective local public.
- ix. Consideration must be given to a comparative evaluation of the existing projects and those in the pipeline to arrive at a more balanced view and to ensure inclusive access to infrastructure across the State.
- x. The facilities proposed to be constructed must be commensurate with the demand for the same and it must be ensured that there will be a minimum stipulated footfall for each facility post completion.
- xi. The structure suggested by DMEO, NITI Aayog may be considered for output monitoring on quarterly basis. It was also suggested that the outcome indicators recommended by Niti Aayog may also be included for monitoring upon completion of the project.

5.2 In response to comments of NITI Aayog, Department of Sports stated that the project proposal has been made after a thorough study of the existing sports infrastructure in and around Ahmedabad and an inventory of all sports infrastructure in Ahmedabad has been made. The financial viability of the project has been duly examined and optimum utilization of the newly created infrastructure has been envisaged. This project will be an integral part of sports development in Ahmedabad. The facilities will be commensurate with the demand for the same and there will be substantial footfall for each facility when it is ready. It was also assured that all the suggestion of Niti Aayog have been duly noted and will be communicated to the State Government as well as to the Ahmedabad Municipal Corporation for compliance. The Department of Sports also stated that PPP model is not possible for this project.

6. Additional Secretary, DoE asked about the responsibility for maintaining the sports complex and which authority will get the revenues earned from the said complex. He also asked whether the procurements will be done through GeM, etc.

6.1 Department of Sports replied that the maintenance will be the responsibility of the Ahmedabad Municipal Corporation (AMC) and revenue generated will also go to them. However, the DG, SAI stated that SAI operates State Centres of Excellence at 23 locations in the country and will be happy to run the Centre of Excellence to be created at the proposed Sports Complex at Naranpura while maintenance may be done by Ahmedabad Municipal Corporation (AMC). He further stated that open tender option may be used for selecting the vendors for various procurements.

7. Additional Secretary, DoE also asked for the reasons for increase in the estimated cost of the project over the cost submitted earlier at the time of In-Principle approval.

7.1 In response, Department of Sports stated that the following major factors have resulted in escalation of the cost of the project from Rs. 458.65 crore to Rs. 583.99 crore:

- I. Increase in overall field of play.
- II. Site area has been increased from 69,250 sq. m to 79,500 sq. m as new plot no. 588 was added and also 18 meters wide TP road has been included in their site.
- III. Built up area has been increased from 77,000 sq. m to 98,578 sq. m to accommodate rooms for 300+ sports person and its related amenities and 6 outdoor practice Tennis Courts along with seating stands.
- IV. Proposed Multisports Area with 5200 seating capacity where international competitions for Badminton, Basketball and Volleyball can be held.
- V. Additional floor was added in Centre for Excellence and proposed 3 practice hall of 24 m X 42 m where Judo, Taekwondo, Table Tennis, Volleyball, Basketball and Badminton can be played.
- VI. Addition of community sports complex where following games/area are proposed:

S. No.	Games/Sport	Quantity in nos.+ Dimensions
a)	Squash	6
b)	Shooting Range	1
c)	Badminton Court	6 (15.0 m X 28.0 m)
d)	Table Tennis Court	6 (9.0 m X 18.0 m)
e)	Pool/Snooker	1
f)	Indoor Games: Chess, Carom and Card room	
g)	Children's play area	
h)	Gymnasium with Aerobics/Zumba	

VII. Proposed Fit India Zone with skating rink, mini football ground along with senior citizen and Children zone.

8. Secretary (Expenditure) enquired about the vetting of the costs of various components of the proposed project.

8.1 Department of Sports replied that the rates are as per CPWD guidelines and endorsed by the State Government of Gujarat. He further stated that the Department of Sports, MYAS will release the sanctioned fund through the State Government of Gujarat and not directly to the Ahmedabad Municipal Corporation.

8.2 JS & FA, MYA&S stated that the project may be sanctioned as a stand-alone project outside the Khelo India scheme. Also, the funds may be released through the State Government of Gujarat and while sanctioning the project fund release pattern may be fixed. He further stated that the

650 (17)

PIB for Construction of Sports Complex at Naranpura, Ahmedabad, Gujarat: Meeting held on 21.06.2021

release of first installment should not be done before award of tender and release of subsequent installments will be construction linked. While broadly agreeing on the other points made by JS & FA, Secretary (Exp.) was not in favour of making it a standalone additionality to the Khelo India Scheme.

9. Secretary (Expenditure) stated that the instant project has been conceived as a national asset of the country on the basis that it has high future potential and therefore optimum utilization may be ensured in the interest of the nation.

10. Secretary (DoS) stated that an assessment of the inventory of available facilities at Ahmedabad has been done and the Department has found that the project adds significant value to the sporting infrastructure of the city and the design and capacity would render it to be used for national and international events to be organised by Department of Sports/SAI. He said that the nature of the project is such that its construction under PPP mode would not be feasible.

#### RECOMMENDATIONS OF PIB

11. With these deliberations, the PIB recommended approval for construction of Sports Complex at Naranpura, Ahmedabad, Gujarat for an amount of Rs. 583.99 crore over a period of three years under *Khelo India Scheme* subject to the following conditions:

  - e) Excellence: A place that exudes excellence in every facility.
- 4) Secretary (Sports) thanked Divisional Commissioner Varanasi and invited comments from all the participants.
- 5) DG (SAI) welcomed the project and lauded the community usage of space and efficient and value-for-money creation of sporting infra. He stated that SAI would have an MoU with the Department of Sports, Govt of UP for running the National Centre of Excellence. The Sagra Stadium, once developed, will become the hub of nurturing talents in the Eastern U.P & Bihar region which lack quality sporting infrastructure and support systems.
- 6) Department of Social Justice and Empowerment supported the project with the advice that the project should follow the norms of existing guidelines of accessibility. Divisional Commissioner Varanasi explained the inclusivity and accessibility aspects of the Project and informed that consultations with accessibility experts had been made in the design of the Project, and the BASIIC framework has been followed.
- 7) Ministry of Environment Forest and Climate Change supported the project with the advice to get all land and environmental clearances before executing the project. Divisional Commissioner Varanasi assured of the same.

8) Ministry of Education supported the proposal and said it aligns with National Education Policy 2020.

9) NITI Aayog supported the project with the advice to monitor it regularly during the execution and post-execution phases. NITI Aayog has also insisted on setting up an internal evaluation committee in the Department to ensure that all sub-heads of the Project would be completed within stipulated timelines without any further extensions to avoid time overrun/cost-overrun. JS (Dev) assured that as per advice, proper project monitoring would be undertaken, and a post-execution impact study would be carried out.

10) Department of Expenditure supported the project with the advice to get the details uploaded on Online Computerised Monitoring System (OCMS) portal. Further, it was pointed out that the contingency charges are very high and not in line with the Naranpura Project undertaken in the Khelo India Scheme, which is a project of similar nature. In addition, the GST rate mentioned in the DIB is 12%, wherein recently, in construction projects, the GST has been enhanced to 18%. Therefore, it was advised that the approval of DIB should include the cost of the project as well as the applicable GST. Any increase in the cost beyond the approved cost shall be borne by the grantee. Divisional Commissioner Varanasi explained that the DPR had been prepared based on actual cost. After that, GST has been added, the GST being statutory tax in nature and has been fixed by the GST Council, Ministry of Finance, so while approving the project, the extant GST rate will be undertaken; it was further explained that Sagra Project, Varanasi is significantly different from Naranpura Project, Ahmedabad. Naranpura Project is a greenfield project, whereas Sagra Project is a brownfield project which requires careful phasing of existing facilities without completely closing them down for public usage, so expenses on covering construction and demolition sites will be needed from the public safety point of view. Further, the estimation of any underground utility shifting has not been done due to the non-availability of any data. If any underground utility is required for shifting during project execution, then the contingency charges will cover that; therefore, the Contingency Charges are needed to be kept at the projected level.

11) JS&FA raised the issue of inclusion of the cost of furniture in the project proposal and stated that the Khelo India Scheme only provides for sports infra, sports equipment and sports science equipment. JS(Dev) & Mission Director Khelo India explained that there is no bar on the inclusion of furniture costs under the Khelo India Scheme. Several ongoing projects involving the construction of hostels & training centres, including the Naranpura Project, which PIB has approved, have the furniture components. Sagra Project can not be an exception to these as a world-class sporting hub along with NCoE with hostel and coaching facilities is being planned in place of existing old infrastructure.

12) The Department of Sports, Uttar Pradesh, informed that the Uttar Pradesh Sports College Society would be the grantee for the project. The project will be executed through Varanasi Smart City Limited.

Office Memorandum

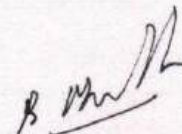

**Subject: Regulation of Remuneration in case of Contract Appointment of Retired Central Government Employees.**

The undersigned is directed to say that Ministries/Departments appoint retired Central Government employees on contract basis, including as Consultants on contract basis. However, at present there are no uniform guidelines for regulation of remuneration in such cases.

2. The existing instructions of Department of Personnel and Training, as contained in their Central Civil Services (Fixation of Pay of Re-employed Pensioners) Orders, 1986, as amended from time to time, provide for regulation of pay in case of re-employment. However, the instructions of Department of Personnel & Training as contained in their OM No. 26012/6/2002- Estt (A) dated 9.12.2002 provides that re-employment beyond the age of superannuation of 60 years shall not be permissible. Also, as per their OM No. 3(3)/2016-Estt (Pay II) dated 1.5.2017, the pay plus gross pension on re-employment is not to exceed Rs.2,25,000/-, i.e. Pay Level 17 as applicable to an officer of the level of Secretary to the Government of India.

3. Aforementioned instructions of Department of Personnel & Training on pay fixation in case of re-employment apply only to persons appointed on re-employment. These are not applicable to persons employed on contract basis except where the contract provides otherwise. Accordingly, in cases of appointment of retired Central Government employees on contract basis after the age of superannuation at 60 years, the instructions on pay fixation on re-employment will not directly apply.

4. Department of Personnel & Training has also informed that they are in the process of drafting a Note for Committee of Secretaries (CoS) regarding guidelines for engagement of retired Government servants as Consultant in Government Ministries and Department. In view of this, till Department of Personnel and Training finalizes their guidelines, there is a need to regulate remuneration in such cases of contract appointment of retired Central Government employees on a uniform basis. The matter has, therefore, been considered and it has been decided that regulation of remuneration in case of appointment of retired Central Government employees on contract basis, including as consultants, shall be regulated as provided hereinafter.

5. At the outset, such appointments shall not be made as a matter of practice and must be kept at a bare minimum. Such appointments may be made only in the justified exigencies of the official work where public interest is served by appointment of the retired employee. While making such appointments, adequate functional necessity with clear grounds must be placed before the appointing authority.

**6. Remuneration**

6.1 A fixed monthly amount shall be admissible, arrived at by deducting the basic pension from the pay drawn at the time of retirement. The amount of remuneration so fixed shall remain unchanged for the term of the contract. There will be no annual increment / percentage increase during the contract period.

**Example**

An employee retired in the Pay Level 13 and the pay at the time of retirement was Rs. 1,55,900. Thus, the basic pension will be Rs. 77,950. If the employee is appointed on contract basis, including as Consultant, the remuneration shall be fixed at Rs.77,950 (1,55,900-77950).

6.2 The basic pension to be deducted from the last pay drawn shall be the pension as fixed at the time of retirement and as such, if the employee has availed of the commuted value of pension, the commuted portion of pension shall also be included in the portion of pension to be deducted. Thus, in the above example, if 40% of pension was commuted, the commuted portion shall be Rs. 31,180 (40% of 77,950) and the pension actually drawn shall be Rs. 46,770. However, the amount of pension to be deducted from the last salary shall be Rs 77,950.

6.3 No Increment and Dearness Allowance shall be allowed during the term of the contract.

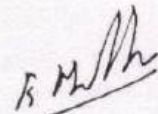

**7. Allowances**

**7.1 House Rent Allowances**

No HRA shall be admissible.

**7.2 Transport Allowance**

An appropriate and fixed amount as Transport Allowance for the purpose of commuting between the residence and the place of work shall be allowed not exceeding the rate applicable to the appointee at the time of retirement. The amount so fixed shall remain unchanged during the term of appointment. However, retired employees engaged as consultants may be allowed TA/DA on official tour, if any, as per their entitlement at the time of retirement.

7.3 Leave of absence

Paid leave of absence may be allowed at the rate of 1.5 days for each completed month of service. Accumulation of leave beyond a calendar year may not be allowed.

8. Term of Appointment

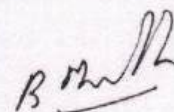

8.1 The term of appointment shall ordinarily be for an initial period not exceeding one year which is extendable by another one year. Beyond two years after the age of superannuation where adequate justification exists, the term may be extended based on a review of the task and the performance of the contract appointee, provided it shall not be extended beyond 5 years after superannuation.

8.2 The consultant shall sign an agreement of confidentiality with the Government of India containing a clause on Ethics and Integrity.

9. Exemptions

The terms of appointment provided for in these orders shall not apply to cases and to the extent where the Appointments Committee of Cabinet has allowed special terms OR where special provisions have been allowed with the approval of the Department of Personnel & Training OR Department of Expenditure.

10. These orders shall apply to appointments made in the Central Government and shall be effective from the date of issue of the orders, until further orders or until instructions are issued by DoPT regulating remuneration of retired Government employees on their engagement as consultants. The past cases shall not be reopened in the light of these orders until the normal term of those past cases. Any relaxation of the above will be required to be referred to Department of Expenditure.

All the Ministries and Departments of the Government of India as per the standard list.

This minute pertains to the Evaluation of Technically responsive Price Bid received against CPP bid No 71-01001/2/2023-NCSSR Division for Procurement of 16 Wireless EMC Channel. A committee comprising of following members, has been constituted for evaluation of price bids:

1. Sh. Nitesh Kumar, Director (NCSSR)
2. Ms. Jasvinder K Nigam, AD (NCSSR)
3. Ms. Manisha, Sr. A. Psychology
4. Sh. Ajay Chavan, Consultant (Biomechanics)

## 2.0 Comparative cum Ranking Statement

- 2.1 The Price bid of Technically qualified bidder was opened on 19.12.2023 and the details of price of the technically responsive bidder as downloaded from CPP portal is annexed as Annexure-1 and the same is summarised as hereunder.

S. No.	Name of the Bidder	Per unit Price with 2-year warranty Quoted by Bidder in INR inclusive of GST	Per unit CAMC charges for 3 years quoted by bidder in INR inclusive of GST	Per unit price with 2-year warranty and 3 years CAMC quoted by bidder in INR inclusive of GST	Qty of Supply	Total amount with 2-year warranty and 3 years CAMC quoted by bidder in INR inclusive of GST	Rank
1	M/s Aerobe Pvt Ltd	31,33,000.00	2,97,076.80	34,30,076.80	6	2,05,81,460.80	L1

## 3.0 Committee Observations:

- 3.1 The price quoted by L1 bidder (M/s Aerobe Pvt Ltd) in the present tender is being compared with the estimated price, and the same is tabulated below:

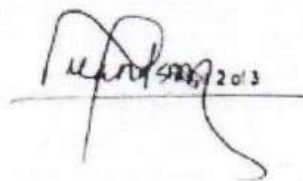

S. No	Estimated Amount including GST in INR with 2-year warranty and 3 years CAMC for 6 units	L1 Quoted Amount including GST in INR with 2-year warranty and 3 years CAMC 6 units	% Variation of L1 Price from estimated price*
1	2,72,42,552.20	2,05,80,460.80	(-) 24.45%

\*Estimated amount has been calculated by averaging out the rates in quotations submitted by the prospective suppliers before issue of online tender.

From the above table, it was noted that price quoted by the L1 bidder is on lower side when compared against estimated price by approximately 24.45%.

- 3.2 The Committee was also apprised that the bid of M/s Aerobe Pvt Ltd is resultant single bid and has been evaluated as per GFR Rule 173 (xx):

"Lack of competition in rule 173(xix) shall not be determined solely on the basis of the number of Bidders. Even when only one bid is submitted, the process may be considered valid provided following conditions are satisfied:

- i. The procurement was satisfactorily advertised and sufficient time was given for submission of bids.
- ii. The qualification criteria were not unduly restrictive; and
- iii. Prices are reasonable in comparison to market values"

In this context the TBEC had observed that the proposal is in compliance to point i) and ii) of the said order and the bid will be recommended only if the price quoted by the bidder is found reasonable.

As the price quoted by the L1 bidder is on lower side when compared against estimated price and the variations may also be due to new entrants/ strategic pricing by the bidders considering market competition and quantity tendered. Accordingly, the committee considered the price quoted by L1 bidder reasonable.

#### 4.0 Recommendations:

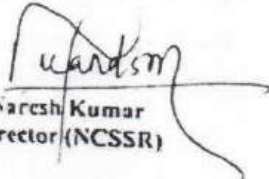

In view of the above, the committee recommends awarding the contract to M/s Aerobe Pvt Ltd for Procurement of 6 units of 16 Wireless EMG Channel at the cost of Rs. 2,05,80,460.80 (Rupees Two Crores Five Lakhs Eighty Thousand Four Hundred Sixty and Eighty Paiza only) inclusive of GST with 2-year warranty and three years CAMC.

The committee members also declare that they have no conflict of interest with any of the bidder in this tender.

### Policy for Utilization of Un-Utilized Infrastructure of SAI Centres

Sports Authority of India has vast infrastructure spread across the country catering to the requirement of its athletes from grass root to elite level. However, some of the sports infrastructure at various SAI Centres, being unidentified sports discipline, is not being used optimally.

In order to put this infrastructure to best possible utilization, the facilities at SAI Stadia in Delhi and other centres across India were made available to National Sports Federations, their affiliated units and to others, without charges (Annexure - XII). It has, however, been noticed that the footfall has not increased to the desired level.

Some of the sports infrastructure such as Tennis Courts, Swimming Pools, Squash Courts, Cricket Grounds are not in use as these disciplines have not been identified in the concerned NCOEs/STCs. Therefore, this infrastructure can be better utilised by involving various stakeholders including Private Partners, NGOs, sports federations/ associations, coaches etc. If done so, the footfall will be increased to a greater scale resulting to increased revenue generation to SAI but will also mean saving on account of their maintenance.

It is also submitted for information of Governing Body that in pursuance to the approval of Governing Body, during its 42<sup>nd</sup> meeting held on 17.12.2013, an Expression of Interest was floated by SAI on 25.03.2014 inviting proposals for running sports facilities / discipline in SAI Stadia Delhi under Community Connect Scheme on revenue generation basis, with the aim to make various stadium multidisciplinary by making them open to citizens for recreation to maintain better health.

However, it could not fructify due to following reasons:-

- i. The Notice inviting Proposal mentioned about coaching fees to be fixed with mutual agreement between agency and SAI which went against the approval of Chairman, SAI according to which SAI had to fix coaching fees for each discipline.
- ii. The process suffered from shortcomings such as non – submission of required documents (service tax, registration number, achievement testimonial, etc) by the agencies.
- iii. The revenue expected to be generated by the prospective bidders was less than the expenditure incurred by SAI for provision of services. Moreover, there remained possibility of clash of timings affecting the ongoing activities under Come and Play Scheme.

Therefore, a proposal was submitted before FC, in its 102<sup>nd</sup> meeting held on 04.02.2022, for concurrence to float an Expression of Interest (EOI) in this connection. This process will be undertaken through a transparent bidding and on pilot basis in limited centres. Further it is

without EOI on mutually agreed terms.

The FC has concurred that the proposal received should be examined by a duly constituted committee and directed that while submitting the proposal for approval of GB, details of draft policy, including facilities proposed for this purpose, may also be put up alongside (**Annexure - XIII**).

It is further proposed that since SAI has Internal Finance Committee (IFC) in place, that may be designated for the purpose.

Accordingly, a draft policy has been prepared with the following salient features:

1. The selection of service provider agency/ coach for operating the playing fields shall be done by the respective regional centre/stadia administrator by an open tender process through QCBS (Quality cum cost based selection) mode. The model RFP in this regard will be prepared by SAI HO and shared with regional heads to float the RFP at their end.
2. The coaching fee structure will be divided into general fee and concessional special fee. The general fee shall be applicable for all trainees except for trainees inducted under concessional special fee. The criteria and the concession value for special category concessional fee for certain percentage of athletes shall be finalized by SAI.
3. The slotting/booking for the Come and Play trainees shall be done in accordance with the pre-scheduled slots, during the time the service provider is not utilizing the facility. The revenue generated from the Come and play activity shall be 100% retained by SAI and shall not be shared with the Service provider agency/coach.
4. A differential revenue sharing model may be used as per the nature of the playing field. In all cases, a monthly fixed fee shall be applicable. The different revenue model shall include:
  - a) **Revenue sharing model (60:40)** -The revenue will be shared in the ratio of 60:40 under which 60% of the revenue will be retained by SAI and 40% will be transferred to service provider after deduction of taxes. In this case, a monthly fixed fee shall also be applicable and SAI shall be responsible for overall operation and maintenance of the playing fields. This model shall be applicable in case of playing field requiring high maintenance i.e. those playing fields where AMC/CAMC has already been done/ is required to be done by SAI. For e.g. Swimming Pool, Shooting etc.
  - b) **Revenue sharing model (50:50)**- The revenue will be shared in the ratio of 50:50 under which 50% of the revenue will be retained by SAI and 50% will be transferred to service provider after deduction of taxes. In this case, a monthly fixed fee shall also be applicable and SAI shall be responsible for overall operation and maintenance of the playing fields. This model shall be applicable in case of playing field not requiring high maintenance i.e.

It is explained to the Committee that the turf is 6½ year old but due to extensive use it has worn out. Accordingly, the Coaches has recommended for its replacement, though the normal life of the turf is 7 years. Further, Regional Centre, Bangalore is the Training Centre for Indian National men and women team so it is imperative that they practice on the best possible facility. It was advised that the possibility to reuse such synthetic surfaces at the school/colleges may be explored and in case a proposal is found feasible, DG-SAI is authorised to take such decisions.

**Supplementary Agenda Item No. 2**

**Proposal for Installation of Synthetic Athletic Track (Mondo Track WS) along with associated works at NS NIS Patiala**

The proposal was approved in principle. However, Chairman desired that the utility of Mondo Track with respect to preparation for Paris and Los Angeles be ascertained before placing the order.

**Supplementary Agenda Item No. 3**

**Replacement of Synthetic Athletic Track with allied works at SAI NS NIS Patiala**

The proposal was approved. However, Secretary (Sports) desired that in view of the approval of a number of infrastructure proposal, projects may be prioritised as per funds availability & urgency and put up to Chairman for approval. The Chairman further advised that a detailed presentation be made with regard to ancillary work proposed at NS NIS, Patiala so that a comprehensive long term view can be taken.

**Supplementary Agenda Item No. 4**

**Relaying of Synthetic Athletic Track with allied works at SAI NCOE Sonapat**

The proposal was approved. However, Secretary (Sports) desired that in view of the approval of a number of infrastructure proposal, projects may be prioritised as per funds availability & urgency and put up to Chairman for approval.

**Supplementary Agenda Item No. 5**

**Construction of Multi-Purpose Hall at SAI NCOE Bhopal**

The proposal was approved. However, Secretary (Sports) desired that in view of the approval of a number of infrastructure proposal, projects may be prioritised as per funds availability & urgency and put up to Chairman for approval. The Chairman desired that feasibility to execute the works independently by SAI may be explored and report may be submitted on file.

**Supplementary Agenda Item No. 6**

**Proposal for Utilization of Under-Utilized Infrastructure and spaces of SAI Stadia**

The proposal was approved. It was decided that the agency should be selected after following the due process and model of highest fixed revenue should be adopted. The period of contract will be 3-5 years, further, extendable by 2 years. The proposal received will be examined by the Internal Finance Committee (IFC) of SAI and recommended to Director General for approval for awarding work contracts. Revenue will be collected by agency from the users.

**Supplementary Agenda Item No. 7**

*Rabir*

those playing fields where AMC/CAMC is not be required to be done by SAI. For e.g. Grassy Court/Cemented Courts etc.

- ③ **Revenue Sharing model (only on monthly fixed fee basis)** - A pre agreed consolidated monthly fixed fee will be transferred by service provider to SAI. The service provider shall be responsible for overall operation and maintenance of the playing fields. This model shall be applicable in general in case of those playing fields which are not utilized by SAI for any sporting activity (sports infrastructure in unidentified sports disciplines at SAI Centres) and are desired to be outsourced for imparting coaching by service provider agency/coach. For e.g. Lawn Tennis, Squash etc.

The detailed draft policy is kept at Annexure - XIV.

Approval of Governing Body is solicited w.r.t. policy for utilisation of unutilised/underutilised infrastructure of SAI centres

**SUB:-Proposal for upgradation of target systems installed at qualification ranges of 10 M, 25 M, 50 M and 07 Trap & Skeet ranges (06 existing and 7th is approved) at Dr.KSSR**

Dr. Karni Singh Shooting Range, is one of the premier National Centres of Excellence for Shooting and also is organizing National Camps, International, National and State level competitions for Shooting Discipline in 10M, 25, and 50M Shooting and for Trap & Skeet events.

The Dr. KSSR Shooting Ranges was last upgraded during CWG 2010 (35 Targets in the Final Range was upgraded in 2021 in preparation for Tokyo Olympic Games). SIUS Automatic Electronic Scoring Shooting Target System for qualification ranges of 10M, 25M and 50M & Final Ranges were procured and installed on PAC basis at the cost of CHF 49,04,450 (Rs.21.00 crores approx.). The equipment was installed at Dr. KSSR in January, 2010 by M/s. SIUS Ascor, Switzerland. M/s. Gem International, the exclusive authorized sales and service agent of M/s. SIUS Ascor, Switzerland in India is undertaking maintenance of this equipment, since beginning.

Pursuant to the recommendations of the 96th FC and subsequent approval by the Governing body in its 55<sup>th</sup> meeting held on 28th September 2021 in regard to replacing the electronic shooting targets with latest laser targets at Dr. KSSR, it is submitted that 35 of the 245 targets have been replaced (with CAMC for 4years) with laser target systems at a cost of Rs. 3.16 Cr.

Further, 05 of the (10 M ) replaced targets were shifted to STC Alwar, to provide better facilities to the athletes practicing at STC Alwar.

Now, that the targets are more than a decade old and that the Olympics and other international events are conducted on laser target systems and also that the spare parts for the existing electronic systems are not available, the existing electronic targets may be replaced with the laser target systems.

Further, in regard to the Shotgun events in Shooting, the existing machines from Laporte, France were installed during the CWG 2010.

Now, that the machines at these ranges are more than a decade old. The Olympics and other international events are conducted on the latest machines and also that the spare parts for the existing electronic systems are not available, the existing ranges may be replaced to enable better medal prospects to the athletes.

The request for the up gradation has also been received from the Shooters and Coaches..

The CAMC for the existing machines are expiring in July 2024 (Laporte) and 15.11.2024 for SIUS Ascor Machines). It has been informed by the GEM International, authorized Service agency for SIUS and Laporte Machines that as the systems are very old and also outdated, as such it is very difficult to get spare parts and it will become more difficult in future. It is also proposed that, once the new systems are procured and installed, the existing systems may either be given to GEM International on Buy Back basis or the same may be auctioned on GeM Portal so that revenue generation is done (Whichever is beneficial to SAI/Govt) or installed in STC Alwar.

Considering that Shooting is high medal probability sport, and majority of the international competitions are held with SIUS targets for 10 M, 25 M and 50 M and also Trap and Skeet are organized with Laporte Equipment, the proposed upgradation may be done through Proprietary Purchase.

The approximate expenditure expected to be incurred for the up gradation 220 Target systems at the qualification ranges of 10 M (80 targets) 25 M (60 Targets) 50 M (80 Targets) and 07 sets of Trap and Skeet ranges machines along with 07 Digital score Boards (At present we have 06 working ranges and 01 new Range is approved and in the process for construction) is give below:

Sir,

Subject: Renewal of license agreement for the period 16.06.2022 to 15.06.2025 w.r.t. hired office space from SAI at 2<sup>nd</sup> floor, JLN Stadium - Reg

Please refer to your office letter dated 19.10.2023 the subject mentioned above.

2. In this regard, it is submitted this office had requested the Administrator, JLN Stadium to submit draft license deed vide this office letter dated 07.01.2022, much before the renewal of lease agreement for the period 16.06.2022 to 15.06.2025. However, due to disagreements on certain points such as interest clause, service tax clause, tenure of the license deed etc., draft license deed was forwarded to this office by SAI vide its mail dated 26.05.2023. Thereafter, three small observations/amendments regarding timely submission of bills and annual increase of rent, were referred to SAI vide this office mail dated 08.06.2023 (copy enclosed), reminder mail dt. 09.08.2023, reminder letter dated 29.08.2023 and request was made for making modification in the draft license agreement and send the amended draft license agreement to this office for further necessary action.

3. In response, SAI vide office letter dated 19.10.2023 shared the lease deed w.r.t. to above mentioned hired office space. However, on perusal of the shared lease deed, it is noticed that the above-mentioned changes, repeatedly being requested by this office have not been incorporated at all. On the contrary, an additional clause at Sl. No. 2.5 regarding the payment of service tax, which was not in the previous lease deeds has been added, in deviation from the previous lease deeds.

4. Further, this office has already requested the SAI vide office letter dated 06.07.2022 to clarify as to how department is liable to pay service tax as it is the responsibility of the property owner to bear the service tax, and the tenant is not liable for any such payment.

For n.a.p.  
27/10/23

Ms. Rishi (Consultant)

(15)

Further, the department has also hired other office spaces and no service tax w.r.t. to these hired office spaces is being paid by the department.

5. -- Therefore, I am directed to again request you to send the amended license agreement/draft lease deed for signing w.r.t. hired office space from SAI at 2<sup>nd</sup> floor, JLN Stadium after incorporating the above discussed changes, at the earliest and also remove the newly added clause regarding the payment of service tax at Sl. No. 2.5. It is once again emphasized that any delay in signing of lease deed, shall not result in any liability for this department including interest or any other penal provisions.

Encl: As above.

**SUBJECT: LEGAL OPINION IN RESPECT OF THE QUERY REGARDING  
LIABILITY OF PROPERTY TAX**

Respected Sir,

That your good office has sought legal opinion of the undersigned in respect of the issue of liability of property tax arising out of the meeting conducted on 21.11.2023 at the SAI Head Quarters in respect of renewal of the License of the Income Tax Department to occupy part of the premises at the JLN Stadium.

That various discussion took place in the meeting dated 21.11.2023 which was held at the DG office between the officials of SAI and Income Tax Departments regarding renewal of the license deed for the occupation of the portion of the JLN Stadium for their official purposes. One issue which arose was in respect of the liability of the property tax is upon whom the Licensor or the Licensee ?

That it is pertinent to note that the premises/property in question is governed under the Delhi Municipal Corporation Act, 1957, wherein section 120 clearly provides regarding the incidence of the Property Tax which is reiterated as follows:

".....

*Section 120; Incidence of Property Tax*

*(1) The property tax shall be primarily leviable as follows:—*

*(a) if the land or building is let, upon the lessor;*

*(b) if the land or building is sub-let, upon the superior lessor;*

*....."*

Office : E-16/318, Sector-8, Rohini, Delhi-110085

That the provisions of the Delhi Municipal Corporation Act are absolutely clear that the liability to pay the same will be of the Lessor i.e. the Licensor or the person letting out the property/premises in question primarily.

CONCLUSION:

That in the given facts and circumstances and also after going through the provisions of the DMC, Act 1957 it is clear that the primary duty to pay/deposit the property tax if any levied by the Municipal Corporation is upon the Lessor or the person letting out the premises and property in question. Keeping in view of the said provisions it is the duty of the Sports Authority of India to pay the property tax for the property in question i.e. the premises/portion of JLN Stadium which is in the occupation of the Income Tax Department.

उप निदेशक|DEPUTY DIRECTOR**Note # 33****Sub: Payment of service charge on property tax by tenants of SAI Stadia, Delhi**

1. SAI entered into agreements with the following three Govt. departments in the year 2016 and the same was approved in 47<sup>th</sup> Meeting of Governing Body of SAI.

- i. Income Tax Department (ITD)
- ii. Ministry of Home Affairs (MHA)
- iii. National Mission for Clean Ganga (NMCG)

2. The agreement with MHA was for 10 years, the agreement with Water Resources and IT Deptt. were for 3 years each with the provision of increase in rental by 24% if renewed after 3 years.

3. As per the lease deed, a provision for Service Charges on Property Tax is to be paid by the above tenants has not been mentioned in the agreement.

4. With the approval of competent authority the agreement has been extended twice with IT Deptt. and M/s Water Resources and both times the rent has been increased by 24%. In the year 2019, a proposal was put up to then Hon'ble Minister of Youth Affairs & Sports in June, 2019 to also charge Service Tax on property tax which was approved (Ref Page 74). Accordingly, service charges on property tax are calculated as Rs.89,98,175/- per annum, which is to be paid by the following departments:

i. Income Tax Department	:	Rs. 47,78,628.00
ii. Ministry of Home Affairs	:	Rs. 26,97,753.00
iii. National Mission for Clean Ganga	:	Rs. 15,21,794.00
<b>Total</b>	:	<b>Rs. 89,98,175.00 per annum</b>

5. The Ministry of Home Affairs has submitted that no terms and conditions of the deed can be changed in the agreement (Ref Page 75) during the deed period. Also, IT Deptt. Has intimated that it is the responsibility of the property owner to bear the service charges on property tax and tenant is not liable for any such payment citing similar cases of hired space by the department with no service charges on property tax (Ref Page 76).

6. A meeting in this regard was held in the chamber of DG, SAI which was attended amongst others by IT officials, ED(Finance), DDG (Stadia), Legal Advisor of SAI. The IT officials informed that in the IT Act there is a provision for land lord to avail rebate for the amount paid as property tax inferring that the owner has to bear charges for the same. The other landowners including NDMC and MCD do not levy these charges on them. In this regard, ITD has forwarded the lease deed executed with NDMC for their office space at Yashwant Place Shopping Complex, Chanakya Puri, New Delhi. As per this agreement, there is a clause mentioned in the agreement which state that "The property tax, if applicable on the property of NDMC, shall be borne by NDMC".

7. The Legal Advisor also agreed and has sent his opinion ( Ref Page 78-79) that "It is pertinent to note that the premises/property in question is governed under the Delhi Municipal Corporation Act, 1957 and the provisions of the DMC Act are absolutely clear that the liability to pay the same will be of the Lessor i.e. the Licensor or the person letting out the property/premises in question primarily. In the given facts and circumstances and also after going through the provisions of the DMC, Act 1957 it is clear that the primary duty to pay/deposit the property tax if any levied by the Municipal Corporation is upon the Lessor or the person letting out the premises and property in question. Keeping in view of

the said provisions it is the duty of the Sports Authority of India to pay the property tax for the property in question i.e. the premises/portion of JN Stadium which is in the occupation of the Income Tax Department."

8. The above proposal was placed before the 120th Finance Committee held on 19.12.2023 for further direction. The Finance Committee concurred with the proposal and recommended it to be placed before GB for approval (Agenda 11).

9. In line with the decision taken in the 120<sup>th</sup> FC, the aforesaid proposal may be placed for approval of Hon'ble Chairman of Governing Body of SAI i.e. the Hon'ble Minister.

10. If approved, the agenda will be submitted to GB for information and ratification.

This pertains to levy of property tax from the the departments leased out space in the SAI stadia. In the existing lease agreement there is no mention of the charges on account of property tax. Therefore, the matter was referred to Legal Consultant and Finance division. Both of them have recommended that we charge property tax from these departments.

It is submitted that we have three government organisations ( Ministry of Home Affairs, Ministry of Water Resources and Income Tax Department). The agreement with the MHA was signed w.e.f. 1st September 2016 for a period of 10 years with the provision of increase of 8 percent in the rentals every year. The agreements with the the Ministry of Water Resources and Income Tax Deptt was signed later for a duration of 3 years extendable by another 3 years every time on increase of 24% at the time of renewal. The agreements with both departments have been renewed.

While the Ministry of Water Resources has, on renewal agreed, to insert this clause in the agreement and are paying the property tax along with monthly rentals the Income Tax department had issues with this clause but now are processing the case for approval by competent authority in their department.

The file is submitted for information and issue of letter to MHA requesting them for corrigendum to the lease agreement and payment of property tax.

GB had approved the tariff for all facilities in SAI stadia in the year 2016. There were some areas left which were not envisaged for letting out as there had been no demand for booking of those areas. However, now we keep receiving requests for booking of these spaces as well. The issue has been discussed with all Administrators and the tariff has been proposed by comparing these spaces with already approved tariff. Approval of Hon Minister for fixing the tariff as proposed above is solicited. The same will be put up to the Governing Body whenever it meets next.
